**VI DOH Division of Behavioral Health Conducting Behavioral
Health Needs Assessment**

St. Croix, US Virgin Islands (October 28, 2020) – The Virgin Islands Department of Health (Division of Behavioral Health, Alcoholism, and Drug Dependency Services-BHADDS) invites you to share your feedback about the behavioral health needs of the residents after the 2017 Hurricanes, Irma and Maria. We are interested in learning more about the kinds of public health services needed after hurricanes and how to improve public health services in the future.

The assessment takes about 5 minutes to complete, and all responses are anonymous. Upon completing the assessment, respondents will have a chance to win a \$50 Visa gift card.

The assessment can be found at
