**VIDOH Announces COVID-19 Vaccines and Testing
Availability at the Agricultural Food Fair on St. Croix**

US Virgin Islands — Commissioner Justa Encarnacion announced the V.I. Department of Health (VIDOH) will be providing COVID-19 vaccines and testing services during the 2022 Agricultural Food Fair on St. Croix.

The VIDOH will be at the Ag Fair from 10:00 am. to 5:00 p.m. on May 28th, 29th and 30th with VIDOH Divisions representatives providing health information and health screenings. COVID-19 vaccines and testing along with Influenza vaccines will be available between 12:00 noon and 4:00 p.m. each day.

The public is asked to be proactive about their health and safety by following the recommendations to get vaccinated and boosted, make a personal choice to wear a mask in crowded settings, socially distance, and hand wash/hand sanitize.

“The VIDOH wants everyone to enjoy the return of in-person events like Ag Fair,” continued the Commissioner, “And, we also want everyone empowered with the knowledge that you play a vital role in bringing the Territory’s COVID numbers down by protecting yourself and your loved ones.”
