DOH Resumes Printing Health Cards

FOR IMMEDIATE RELEASE

Contact: Rebekah Kubla

US Virgin Islands, 11/08/2021 - The Department of Health (DOH) resumes printing health cards at the Charles Harwood Complex on St. Croix and at the Morris De Castro Clinic on St. John. We will start contacting health cardholders immediately who were affected by the malfunctioning of the machine. Anyone can now walk into our offices to get their card printed. We want to thank everyone for their patience while the health card printing machines were not working.

Please visit <https://doh.vi.gov/programs/environmental-health> for more information on how to obtain a Health Card.
