

## STATE OPIOID PROJECT DIRECTOR

FULL-TIME

Salary \$50,000

### Main Purpose Of Job

This two-year contractual position will serve as the Project Director for the Virgin Islands Opioid Rapid Response grant. Virgin Islands Opioid Rapid Response grant is a two-year, SAMHSA initiative designed to increase access to and enhance services for individuals with an Opioid Use Disorder (OUD) through reducing unmet treatment need and enhancing prevention efforts. This initiative will close gaps in evidence-based services, design primary and secondary prevention methods and place greater emphasis on peer and other recovery support. The Project Director will be responsible for fiscal and administrative management, oversight of the implementation of the grant, and on-going activities of the project to include supervision of program staff; ensuring the completion of all grant deliverables, monitoring and reporting on jurisdictional adherence with required performance measures, and responding to complaints or concerns related to the project. The Project Director will be responsible for analyzing program data and working collaboratively with jurisdictional implementation teams and other state and local stakeholders to effectively utilize project resources and to maintain an integrated service delivery system, promote public health, sustained recovery and safety for service recipients, families and communities.

### MINIMUM QUALIFICATIONS

**Education:** Possession of a Master's degree from an accredited college or university in nursing, social work, psychology, education, counseling or a related field. **A copy of your transcript must be attached to your application.**

**Experience:** Four years professional experience in health services, two of which must have been at the managerial or supervisory level.

#### **NOTES:**

Candidates may substitute U.S. Armed Forces military service experience as a commissioned officer in Health Care Administration classifications or Health Services Administration specialty codes in the health-related field of work on a year-for-year basis for the required experience and education.

### DESIRED OR PREFERRED QUALIFICATIONS

**Candidates with experience providing treatment services to persons with alcohol or other substance use disorders (including Medication Assisted Treatment) are preferred. Candidates with project management experience, experience with grant programs or other similar administrative or operational experiences are also preferred.**
