VIDOH Seeks Input on COVID-19 Survey from Virgin Islanders

US Virgin Islands —The VI Department of Health (VIDOH) is seeking input from Virgin Islanders for a COVID-19 Survey that commences today across the Territory.

The Territory wide survey hopes to learn about the experiences residents had during both the COVID-19 pandemic and afterward. The Department is trying to assess the social, emotional, and financial impact Virgin Islanders have experienced.

The survey can be accessed via the QR code listed below. The QR code will be available on posters, on the Department's Facebook page <https://www.facebook.com/virginislandsDOH> the Department of Health website <https://doh.vi.gov> and via this link <http://www.cstesurvey.org/EpiInfoWebSurvey/Home/19c0fc03-1b3d-4ff7-b5e8-72cefb9f2862>.

The quick survey contains 24-questions and anyone over the age of eighteen (18) is invited to participate. The results will help the Department of Health plan its next steps as COVID-19 moves from its pandemic phase to an endemic phase.

Please scan the QR code and take the survey.
